KEY FEATURES

*** 2 in 1 Removable Agitator**

The industry-first 2 in 1 Removable Agitator lets you customize any load to care for your clothes the way you want by easily swapping the agitator post in or out. With two ways to wash, it's twice the washer you have at home.

*** Built-In Water Faucet**

Easily prewash clothes and other items right in the washer with a conveniently located faucet that gives you easy access to an instant water stream to remove loose soils.

*** Deep Water Wash Option**

Get more water to help break down loose soils. This option automatically adds more water to your load, so heavily soiled clothes get an optimal clean.

*** PreSoak Option**

Save a step by soaking and washing in one cycle. The PreSoak Option starts washing your laundry after a 30 minute presoak.

*** Smooth Spiral Stainless Steel Wash Basket**

Help protect fabrics with this stainless steel wash basket that gently guides clothes during the wash.

*** EasyView(TM) Slow-Close Glass Lid**

Enjoy a clean, streamlined look with the slow-close, see-through lid that lets you easily check on your load while it's washing.

*** Lid Lock**

Unlock the lid any time simply by pressing the Start/Pause button. The lid automatically locks when the load sensing phase begins, at which point the Lid Lock icon on the console is illuminated.

*** 360 Wash Agitator Option**

Thanks to the industry-first 2 in 1 Removable Agitator, you can easily reinsert the agitator whenever you want to switch back from the impeller. Multiple wash motions gently move clothes up, down and side to side throughout the cycle for a thorough clean.
